J cole 4 your eyez only mp3 download.

DOWNLOAD FULL ALBUM: J. Cole - 4 Your Eyez Only It's here! Listen to J. Cole's highly anticipated new album "4 Your Eyez Only." J. Cole surprised us all last week with the announcement of his new album 4 Your Eyez Only, and now it's finally here! Going with his signature featureless approach, the 10-track album finds Jermaine addressing issues like social injustices in America, Black Lives Matter movement, and the responsibility of fatherhood on the song "She's Mine." To coincide with the album, J. Cole also released a 40-minute documentary last week called "Eyez," that takes us through the recording process of the album and features two songs not on the album, "Everybody Dies" & "False Prophets," the latter of which takes shots at Drake & Kanye West. Out now on iTunes, stream the album via JAMBAZE Music (below), and peep the documentary as well. 1. DOWNLOAD MP3: J. Cole - For Whom the Bell Tolls 2. DOWNLOAD MP3: J. Cole - Immortal 3.
