The initial site of origin in the United Kingdom already in 2011, and grew up to receive millions of visitors a day, after closing megaupload. In May 2016, the site was blocked in the UK by a high-end order, [2] and its apex before a temporary closure at the end of 2016, Alexa listed Putlocker as a ranking between the first 250 sites Web more visited worldwide. [3] Putlocker was reported by Motion Picture Association (MPa) as a serious threat of piracy. [4] Putlocker's domain address has changed several times throughout its history, with a number of URLs that bear the name Putlocker is suspended or seized. It is not known to the public if an official Putlocker site managed by the original team remains available online, but at least fifty mirror or web site proxy, many of which use the Putlocker name, have been identified. Launch history and popularity Putlocker origin in the UK with URL Putlocker.com. In early January 2012, the site has received about 800,000 visitors a day, but after the popular megaupload website has been closed due to a copyright infringement, Putlocker started to receive about 1.6 million visitors a day . [5] Official site operations, Adrian Petroff, found the closure of megaupload worrying, stating "that he needs Sopa when an Exec Studio can express a desire / hit list and 'voluntarily' sites off?" [6] In March 2012, Putlocker was identified by Alfred Perry, vice president for the protection of content all over the world to Paramount Pictures, as one of the "Top 5 services Rogue CyberLocker". [7] URL of the website has been changed to Putlocker.bz, an address that was seized by the crime of the property of the United Kingdom's intellectual police unit in June 2014, and was subsequently changed to Putlocker. is, a domain that is located in Iceland. [8] In 2014, "Putlocker" has been reported as one of the most clicked quest queries on Google Search in Canada for this year. [9] 2016À e Present from around early October 2016, the Putlocker.is address displayed an error indicating that the website's host service has been inaccessible. [10] In this period, the Motion Picture Association (MPA) reported Putlocker to the US trade representative as a piracy threat. The MPAA revealed that Putlocker operated by Vietnam, and that his servers were hosted by the private-level Swiss company. [4] Before its closure, Putlocker.is has been included among the 250 best websites globally and the upper part 150 in the United States, according to the data of Alexa. [3] A mirror site under the Putlocker.today address appeared shortly after the hypothesized cessation of Putlocker.is, and October 17, 2016, an address with the name of Putlocker9.com was reported to be available. [3] On November 2, 2016, the Putlocker.is address has become active again, redirecting its users to updated URL Putlockers.ch. [11] On 27 February 2017, the Putlockers.ch address was suspended after a judgment from a court of Luxembourg arrondissement in favor of the Belgian show association, and the URL transferred the property to Eurodns. [12] [13] The EURODNS Chief Legal Officer, Luc Seuffer, stated that Eurodns is required to "prevent any" "Of this domain name [puliners.ch] up to its expiry date". Following the seizure of the Putlockers.ch address, the PutLocker.is domain used previously was rendered functional again. [12] In March 2017, it was reported that Ted Osio, then US ambassador in Vietnam, held a meeting with Truong Minh Tuan, Minister of information from Vietnam and communications, during which which one Solicited for the Putlocker criminal process, along with the 123movies and Kisscartoon websites, for copyright infringement. [14] [15] Not long afterwards, Putker.is, which was changed to Putlockertv.is and then puliners.cc, was reported to redirect visitors to a framing site. [16] In May 2017 at least three work sites have been known with the name of Putlocker: Putlocker.rs, with a high-level Serbian domain (TLD), Putlockerv.ist, with an Istanbultite TLD and Putlockerhd.is, with a Icelandic. [17] In July 2017, international activity times reported that "15% of Internet users in the UK is violating copyright through illegal streaming or download, with pirated TV material, with pirated television material, yes Access mainly through Kodi (16%) or Putlocker (17%) ". [18] In August 2017, John Nicholas justice of the Federal Court of Australia has ordered Australian Internet service providers to block access to 42 piracy sites in a case brought by the Roadshow village, with Putlocker, Kisscartoon and Gomovies are among those ordered to be blocked. [19] In June 2018, Trevon Maurice Franklin of Fresno, California was declared guilty of violating the federal copyright law in February 2016, when he downloaded the superhero Deadpool of Putlocker and then loaded it to facebook eight days later That the film was released theatrically in the United States. [20] As a result, the film has been viewed over 6 million times for free, with the total value of the copies estimated at around \$ 2,500. [21] The John A. Krontadt district judge set on September 27 as a conviction date for the federal class: a crime crime, which brings a possible penalty up to a year in prison, along with \$ 100,000 well.
