## Husqvarna 128ld attachments for sale

Husqvarna Edger Attachment Maintains beautiful lawns, driveways and flower beds with straight edges. Shaft diameter 24 mm. Suitable for 125LDX, 125RFX, 128LDX, 128RFX, 129LDX, 129DIX, 324LDX, 325LDX, 326LDX, 326RFX, 327LDX, 327RFX, 335LK, 335RFX, 525LK 25RFX, 524LK 129LK, 535LK, 525LK Does not fit these models 129LD, 129CD, 128LD, 128CD Husqvarna History Since our inception in 1689, our passion for innovation, development and precision has led to a long line of successful products and solutions in a wide range of industries, from arms, sewing machines and motorcycles to the market. External energy products for customers all over the world. Today, our commitment to greater usability and respect for nature are driving us towards more ergonomic products, with lower emissions and greater energy efficiency than in the past. Husqvarna Group is a world leader in the production of outdoor electric products and innovative solutions for the care of forests, parks and gardens. Products include chainsaws, trimmers, robotic lawnmowers and on-board lawnmowers. The Group is also a European leader in garden irrigation products and a world leader in cutting equipment and diamond tools for construction and stone. The Group's products and solutions are sold under brands such as Husqvarna, Gardena, McCulloch, Poulan Pro, Weed Eater, Flymo, Zenoah and Diamant Boart through retailers and resellers to consumers and professionals in over 100 countries. In 2016, net sales amounted to SEK 36 billion and the Group has around 13,000 employees in 40 countries. Click on the following link for the user manual: Skip to content ÅGA-112,000.00 Pole saw attachment for combined trimmers. Gives extra capacity when needed. Cut branches up to about 15 cm thick. 128LDX 128DIX 525LK 524LK Are you in a hurry? Check out the price of the Husqvarna 128LD on Amazon now. What's so beautiful 128LD? Gas engine for mobility and power The 128LD 128LD cutting cord powered by a 28cc engine. This small light engine uses a mixture of oil from 40:1 to 2-cycle fuel. And he lives 128: t be limited to the radius of your power cord with this compact, mobile trimmer. The tank contains 13.5 oz. of fuel for a long time. It is considered quieter than the average engine for two cycles. Easy to start with Smart Start feature Husqvarna trimmers have a unique initial feature called Smart Start that allows the trimmer to be started quickly and easily. One push of the air purification light bulb and a couple of pull of the starting cord and you should be in business. Sometimes suffocation may need adjustments to the first use out of the box, but after that, it will take little effort to go on. Another feature of nifty is when the trimmer is off, the trimmer; Automatic stop switch will automatically return to the starting position for the ready start. The 128LD is equipped with a T25 automatic trimmer head. The advanced function allows you to automatically advance the string line while the trimmer is in operation. You simply hit the center of the trimmer head against the ground and the additional line comes into operation. Easy to recharge the spool of the line to strings reduces frustration The head of the T25 trimmer has a roll that comes out to recharge the line of strings so that you dont have to invert the trimmer to work on it. The spool has key holes to prevent the line from slipping while putting the spool back on its head. The T25 head may contain. 065 thumbs,.080 thumbs or.095, but is precarized with the thumb. 095. If you don't want to recharge the line yourself, you can purchase T25 heads with a pre-loaded string line on it. In addition, you can use the trimmer head sold separately, but it will be a little heavier and will reduce energy production. Poulan Pro PP55000P Pole Saw Large cut width cut more in less time Youâ 128:s t[ll cut a wide swath with each stroke when using Husqvarna 128LD string trimmer. The 17h inchString diameter allows you to get down to business faster and more efficiently. The straight tree produces greater efficiency The 128LDs of the straight tree transfer more efficient energy through the tree than through a curved tree. This creates less wear and tear on the braid cable and gives you more blow for your dollar of energy. In addition, the straight tree allows you to cut more easily under bushes, fences and other low obstacles. The adjustable handle facilitates the back The handle of the cycle on Husqvarna 128LD is adjustable to find a comfortable position to satisfy the length of the arm and the height of the body. The plastic ergonomic handle minimizes vibration transmission and provides a convenient handle to facilitate the strain during use. At 11 lbs, the 128LD is at the end heavier than the residential trimmer models so that the adjustable handle really helps. Quickly detaching the tree, whether you want a more compact storage or adding an attachment, the detachable tree coupler allows you to quickly and easily detach the head of the trimmer without the necessary tools. Why? © Do we really like Husqvarna 128LD? A lot of accessories turn the 128LD into a powerful multi-use machine what really makes Husqvarna 128LD a powerhouse all in a small portable machine is the ability to buy lots of accessories. Instead of purchasing separate devices for every activity, Husqvarna 128LD can be your one-stop machine for the work of annual construction site and landscape maintenance, also gardening! The Husqvarna 128LD is designed to work with the Poulan Pro series of attacks, designed by Poulan, owned by Husqvarna. TrimmerPlus attachments are also reported by users to work with the 128LD, but this is not verified by the manufacturer. Here are some of the super useful accessories that are for use with the 128LD trimmer. Just pull the detachable head of the trimmer out of the tree and press on the attachment. Voila! Voila! A completely different purpose. Brush Cutter if you have brush that the string trimmer cannot handle, you may need a brush. The Poulan Pro PP4000C cutter attachment has an 8 inch diameter and 4 heavy blades to handle small branches and brushes too big for the trimmer. Pole Saw "Do you need to clean your head? The Poulan Pro PP5500P has an 8 inch blade for removing upper limbs up to 6 inches in diameter. It has an extension to increase the range up to 12 feet. (Not to be confused with the PP5000 model, which is not suitable for the 128LD) Grower As if that weren't enough, you can also add an accessory to grow your garden.The Poulan Pro PP2000D has 8-inch steel teeth and an adjustable machining width from 6 to 9 inches. The TrimmerPlus brand also lists a number of other accessories, including an electric broom for brushing dirt, sand, mulch or other materials from hard surfaces. Husqvarna offers a great warranty backed by a strong brand Husqvarna is a leading brand in the electric lawn tools market and continues to produce high quality products. They stand behind all their products with a strong warranty. Consumer models such as the 128LD string trimmer are covered by a 2-year warranty on material and workmanship defects. If you keep your proof of purchase, they will replace the defective equipment or offer you a repair at a certified dealer nearby. Pros Cons Easy to start Convenient to use Easy to replace the trimmer line Quieter than average The straight shaft can be harder to use for shorter people. Still noisy at 114 db so ear protection is needed A 11 lb is a heavier residential trimmer Choke may need some adjustments at the time of installation. Is the Husqvarna 128LD the right trimmer for you? If you want an easy-to-use trimmer with lots of Features produced by a leader in the sector, and you want to have the versatility to add a lot of accessories, we recommend the Husqvarna 128LD. It has a large track record with lots of positive positives by regular users. At a manufacturer's suggested retail price of \$220, Husqvarna 128LD is a solid investment in your lawn and garden maintenance toolbox. Come and see the Amazon price. Is another trimmer better for you? If you are short of stature, you might opt for a curved shaft trimmer. You might lose some power, but it'll be easier to do the job. If you want a quieter, but gas-powered trimmer, you could try a grass eater with a 4-cycle engine. Or if you want to completely unload the ear protection, you can try an electric trimmer. Visit back soon for a helpful article on the advantages and disadvantages of various types of trimmers. Resources: Manufacturer's Manual Manufacturer's 128:s warranty We hope weAcOve gave you good information here. We strive to do the homework for you so you donât have to.
