Dragon city pure breeding guide

This means that you may still have to do some attempts before getting the unique dragons. Gold + coral burning (Flame + Dark) = 1. Let's notice each of these dragon rides and the best way to reproduce them. Vampire + armadillo 3. All the creation of dragons was included, in addition to a better organization to help you accompany the progress of your creation. Photon + neon 3. In this guide, we will provide some truths and tutorials on how to create the dragons you love and use in the dragon city. Please note that we do not have the exact% of chances of reproduction, we simply observed that the reinforcement of rarity depends on the original chance. Black fire + Armadillo 2. Pure + pure is the best combination of creation to create legendary dragons of the dragon city. Oil + Earth 3. In addition, there is some kind of luck involved in the creation that you may not get the dragon you are looking for 100% of the time. Pirate + Earth 2. Goma + angel fallen 2. The listed reproduction combinations took in consideration the rare and reproduction time. Level 4+ rides of sanctuary 2. Note that some of the combinations of dragons are "unique to level", which requires parents to be in certain levels. Cold Star + Wyvern 3. This means that "if you have approximately 30% chance of getting legendary dragons, with increasing rarity you will have doubled this value by 60%. The first type is that with triple elements. The likelihood of getting a legendary dragon is quite low with about 1% chance of procreation. Let's list each of the rods of dragons that unlocks with each level as well as the best Combos to quickly cross the requirements of necessary dragons. Cloud + Venom 2. Sol + Penguin 2.
