How to charge itouch air smartwatch

Plug the charging cable into the USB port on your computer or a UL-certified USB wall charger. We recommend using the USB port on your computer. Insert the smartwatch into the appropriate charging cable section. A charging screen appears on the screen to indicate that your smartwatch is charging. Your battery should be fully charged after 2-2.5 hours. If you must charge it from a wall outlet, please make sure that the voltage output on the adapter that you will use is not more than 5 volts to avoid battery issues. Features: Rose Gold (band)/Water Resistance: Water-ResistantProduct Model: Itouch air seBattery Charge Life: Up to 30 DaysElectronics Features: Customizable Watch Faces, stopwatch, Target Zone Alarms, Smartphone Compatible, Waterproof, Text Notifications, Touchscreen DisplayMaterial: Watch Band: SiliconeOperating System Compatibility: Apple iOS, AndroidWireless Technology: BluetoothActivities tracked: Cycling, Running, WalkingMetrics Measured: Calories Burned, Heart Rate, Floors Climbed, Total Steps, Stationary MinutesBattery: 1 Non-Universal Lithium Ion, Required, IncludedWarranty: 1 Year Limited Warranty.
